

The 1st IReNA-Ukakuren Joint Workshop “Advancing Professional Development in Nuclear Astrophysics and Beyond”

Friday, 1 September 2023

High Energy Astrophysics: Morning - 2 - Large Seminar Room (Subaru Building) (11:30 - 12:40)

-Conveners: Thomas Chillery

time	[id] title	presenter
11:30	[22] Nuclear reactions related to very high and ultra-high energy cosmic rays	KIDO, Eiji
12:10	[14] Revealing the journey of cosmic rays with petaelectronvolt energies through the observation of sub-PeV gamma rays by the upcoming experiment ALPACA	Dr KATO, Sei
